Introduction

A post allows you to share your thoughts and feelings with your friends and family. You can write captions, use emojis, add photos, or videos, add a check-in location, tag people, or host a Q&A session. You can also add a color background to your text. You can choose to make it public or private.
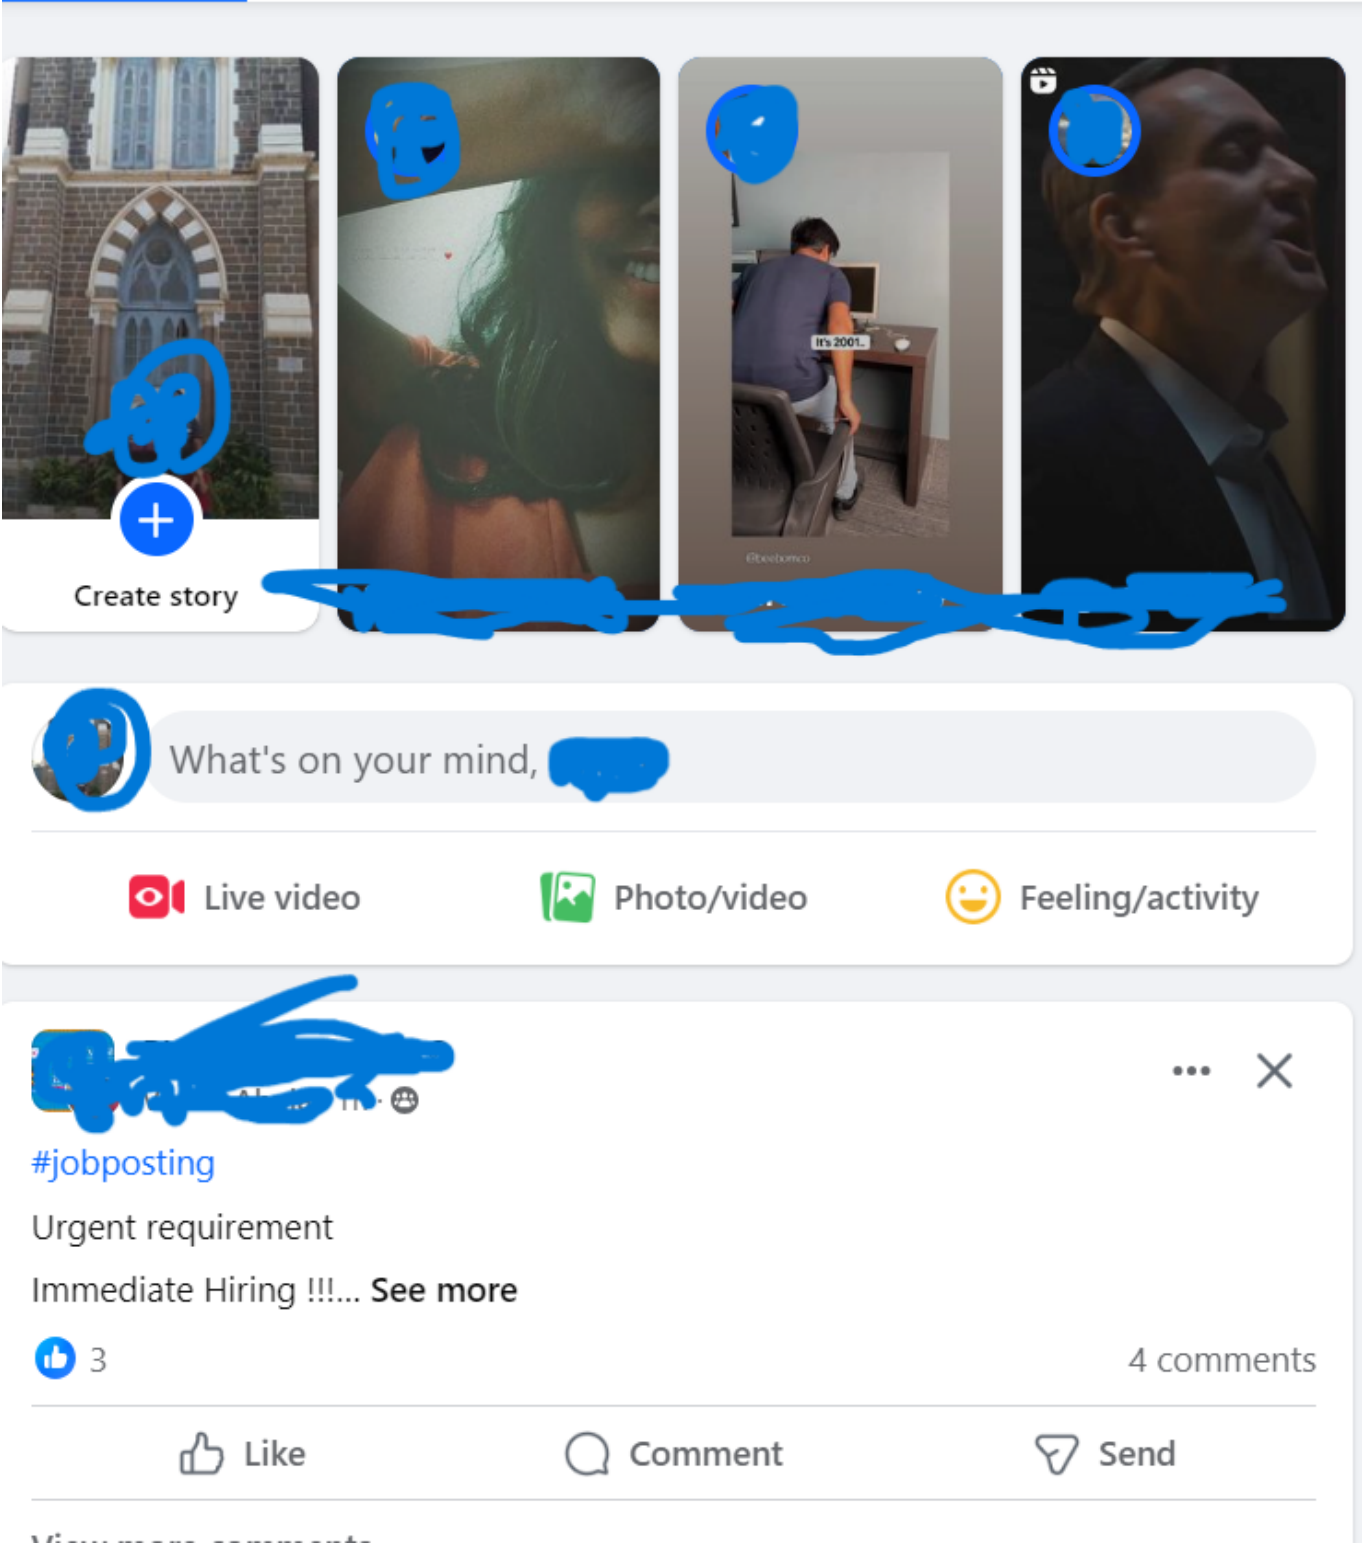

Pre-requisites

- Facebook Account
- Facebook application if using a mobile device.

To Create a Post

1. On the browser open Facebook.com

   The Facebook News Feed opens
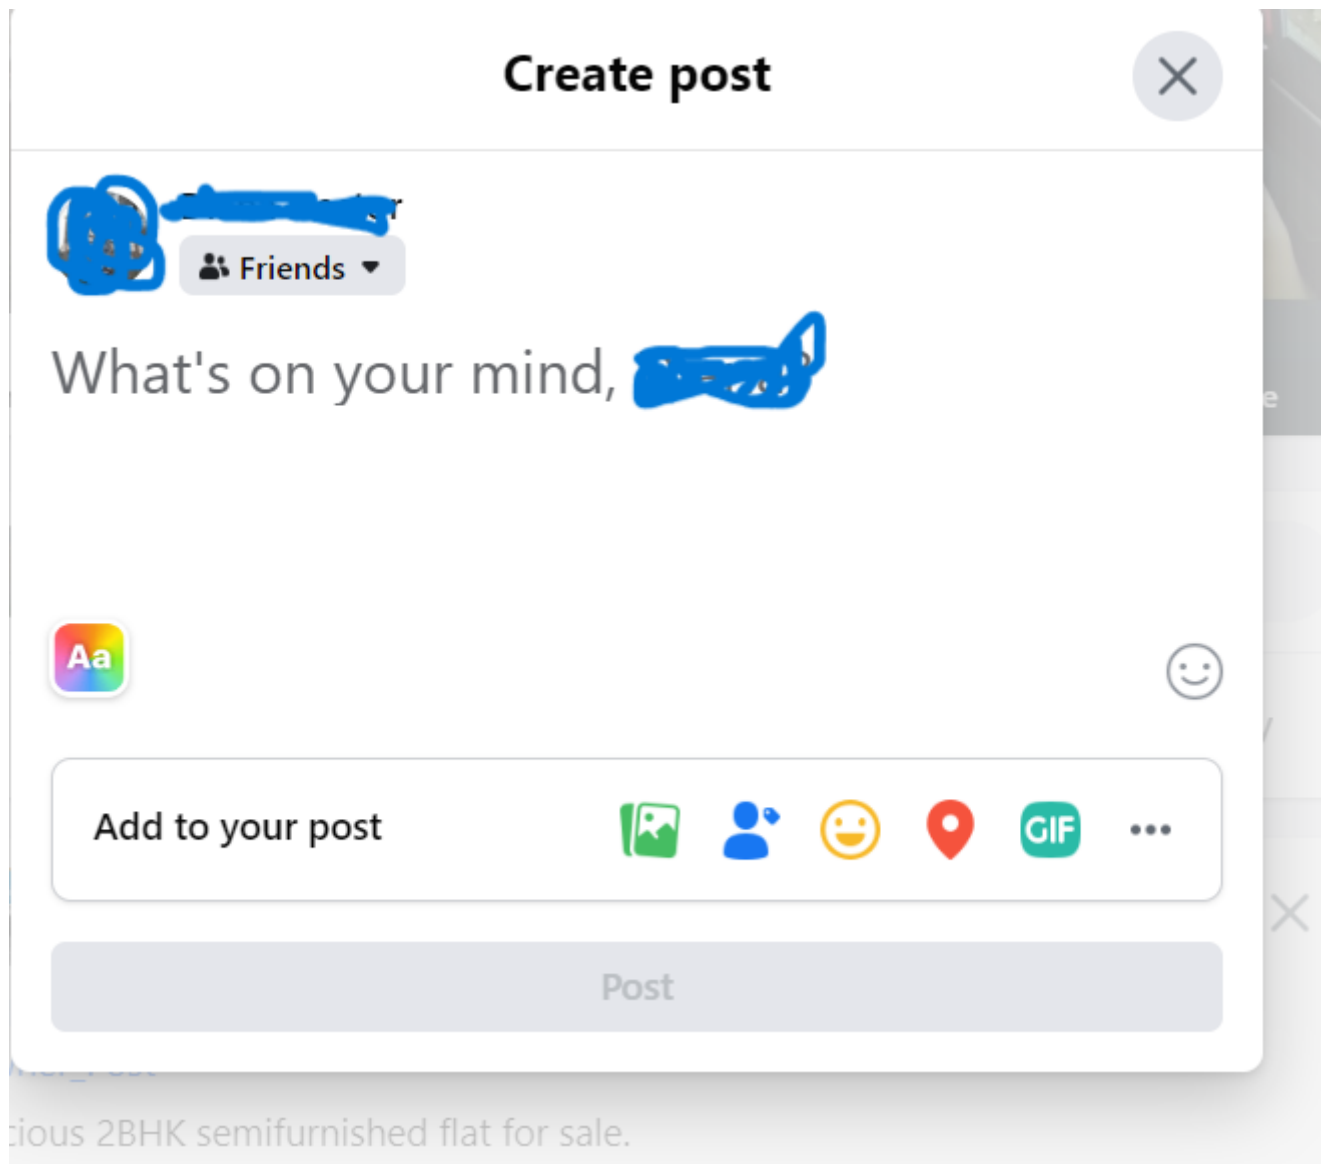

#jobposting
